

## User stories with acceptance criteria

### Login Page

#### #EPIC

**As a** student

**I want** to access Learn@Home functionalities

**So that** I can learn new things, improve my skills and benefit from the experience of volunteers

#### > USER STORIES

**As a** student

**I want** to create an account

**So that** I can get the access to the website functionalities

##### Acceptance criteria

1	GIVEN that the provided email address is valid and that no account is already linked to it AND that the provided password respect minimal complexity condition WHEN the user click on the 'Create account' button THEN a confirmation email is sent to the provided email account
2	GIVEN #1 WHEN the user click on the account confirmation link in the received email THEN his account will be created and be ready to be used as a login
3	GIVEN that the provided email address isn't valid or that an account is already linked to it OR that the provided password isn't respecting minimal complexity condition WHEN the user click on 'Create account' THEN an error message will appear to warn the user to modify the invalid input field

---

**As a** student

**I want** to log in my account

**So that** I can access the website functionalities

##### Acceptance criteria

1	GIVEN that the provided email address is linked to an existing account AND that the provided password corresponds to this account WHEN the user click on the 'Log in' button THEN he is sent to the dashboard page of the account
2	GIVEN that the provided email address is linked to an existing account AND that the provided password doesn't correspond to this account WHEN the user click on the 'Log in' button THEN an error message will appear to warn the user that the email/password combination is incorrect
3	GIVEN that the provided email address isn't linked to an existing account WHEN the user click on the 'Log in' button THEN an error message will appear to warn the user that the email isn't linked to an existing account

---

**As a student**

**I want** to have an option to recover or reset my forgotten password

**So that** I can recover access to the website functionalities even if I lose my password

#### Acceptance criteria

1	GIVEN that the user has clicked on the 'Forgot your password' link and is on the password recovery page AND an email address linked to an existing account has been written in the input field WHEN the user click on the 'Reset password' button THEN a password recover email is sent to the provided email address
2	GIVEN #1 WHEN the user clicks on the password recover link in the received email THEN he is redirected on a page where he can modify the password
3	GIVEN that the user has clicked on the 'Forgot your password' link and is on the password recovery page AND an email address not linked to an existing account has been written in the input field WHEN the user click on the 'Reset password' button THEN an error message will appear to warn the user this email address isn't linked to any account

#### #EPIC

**As a** volunteer

**I want** to access Learn@Home functionalities

**So that** I offer my experience to students and guide them in their studies

## Dashboard Page

### #EPIC

**As a** student

**I want** to access my dashboard page

**So that** I can quickly have an overview of my situation and be able to plan my next move easily and efficiently.

### > USER STORIES

**As a** student

**I want** to see a notification if I have unread messages

**So that** I don't miss any message from my contacts

Acceptance criteria	
1	GIVEN that the user is on his dashboard WHEN he has not unread message THEN the chat component is not showing any notification icon
2	GIVEN #1 WHEN he receives a message THEN the chat component pops a notification icon that briefly shakes before staying
3	GIVEN that the user is on his dashboard WHEN he has unread messages THEN the chat component is showing a notification icon
4	GIVEN #3 WHEN he receives a message THEN the chat component's notification icon briefly shakes

---

\* **Event** defines any calendar-planned event: meeting, reminder, appointment...

\* **Upcoming** defines a period from 'later today' to 'end of tomorrow'

**As a** student

**I want** to see my upcoming events

**So that** I don't miss any important event

Acceptance criteria	
1	GIVEN that the user is on his dashboard WHEN he has no upcoming event THEN the calendar component is showing a message 'No event coming soon 😞'
2	GIVEN that the user is on his dashboard WHEN he has upcoming event THEN the calendar component is showing the list of these upcoming events
3	GIVEN #2 WHEN an event time passes THEN the event disappears from the calendar component

---

**As a student**

**I want** to see the list of my tasks

**So that** I can quickly validate a task or remember what my next steps are

#### Acceptance criteria

1	GIVEN that the user is on his dashboard WHEN he has no task THEN the task component is showing a message 'You have no task to do... yet!'
2	GIVEN #1 WHEN a he receives a new task THEN the task appears in the task component and the message disappears
3	GIVEN that the user is on his dashboard WHEN he has one or more tasks THEN the task component is listing all the tasks
4	GIVEN #3 WHEN the user finishes a task and click on its respective check-box THEN the task's check-box is checked

---

## #EPIC

**As a** volunteer

**I want** to access my dashboard page

**So that** I can quickly have an overview of my situation and of my student's tasks.

## > USER STORIES

**As a** volunteer

---

\* **Event** defines any calendar-planned event: meeting, reminder, appointment...

\* **Upcoming** defines a period from 'later today' to 'end of tomorrow'

**As a volunteer**

**I want** to see my upcoming events

**So that** I don't miss any important event

Acceptance criteria	
1	GIVEN that the user is on his dashboard WHEN he has no upcoming event THEN the calendar component is showing a message 'No event coming soon ☹'
2	GIVEN that the user is on his dashboard WHEN he has upcoming event THEN the calendar component is showing the list of these upcoming events
3	GIVEN #3 WHEN an event time passes THEN the event disappears from the calendar component

**As a volunteer**

**I want** to see the list of tasks of my students

**So that** I quickly assess the progress of my students

Acceptance criteria	
1	GIVEN that the user is on his dashboard WHEN he has no task THEN the task component is showing a message 'Your students have no task to do... yet!'
2	GIVEN #1 WHEN one of my student receives or creates a new task THEN the task appears in the task component and the message disappears
3	GIVEN that the user is on his dashboard WHEN his students has one or more tasks THEN the task component is listing all the tasks
4	GIVEN #3 WHEN the user assess a task as finished and clicks on its respective check-box THEN the task's check-box is checked

**As a volunteer**

**I want** to sort the list of tasks by student

**So that** I quickly assess the progress of one specific student

Acceptance criteria	
1	GIVEN that the user is on his dashboard WHEN I click on one student on the sorting list AND This student has tasks in his task list THEN the task component is showing only the tasks of this student
2	GIVEN that the user is on his dashboard WHEN he clicks on one student on the sorting list AND This student has no task in his task list THEN the task component is showing a message 'This student has no task to do... yet!'

## Chat Page

### #EPIC

**As a** student

**I want** to access my chat page

**So that** I can discuss with other students and volunteers in the platform.

### > USER STORIES

**As a** student

**I want** to see my contact list

**So that** I can see whom I have already started talking with and have a quick access to our discussion

#### Acceptance criteria

1	GIVEN that the user is in the chat WHEN he already has contacts THEN the contacts are displayed in the contact list
2	GIVEN #1 WHEN the user adds a contact THEN the new contact is added to the contact list
3	GIVEN that the user is in the chat WHEN he has no contact THEN the contacts list is empty and a the message 'You have no contact ☹' is shown
4	GIVEN #3 WHEN the user adds a contact THEN the message disappears and the new contact appears in the contact list

---

**As a** student

**I want** to add another user to my contact list

**So that** I can start chatting with him/her

#### Acceptance criteria

1	GIVEN that the user is in the chat WHEN he clicks on the '+' button at the bottom of his contact list THEN a modal 'New contact' opens
2	GIVEN #1 WHEN the user clicks outside the modal or press the key 'Escape' on the keyboard THEN the modal is closed
3	GIVEN #1 WHEN the user fills the name of another existing user in the input bar AND clicks on the 'Add' button THEN the modal is closed, and the user is added to the contact list
4	GIVEN #1 WHEN the user fills the name of another not existing user in the input bar AND clicks on the 'Add' button THEN then an error message is displayed 'Sorry, this user does not exist'

---

**As a student**

**I want** to see if I have an unread message

**So that** I am not missing any discussion new message

#### Acceptance criteria

1	GIVEN that the user is in the chat WHEN he has no unread message THEN there is no notification icon shown in his contact list
2	GIVEN #1 WHEN he receives a new message THEN a notification icon that briefly shakes appears next to the relevant contact
3	GIVEN that the user is in the chat WHEN he has unread messages THEN there is a notification icon next to each contact the user has got unread message with
4	GIVEN #3 WHEN he receives a new message AND the contact had no unread message THEN a notification icon that briefly shakes appears next to the relevant contact
5	GIVEN #3 WHEN he receives a new message AND the contact already has unread messages THEN the relevant contact 's notification icon briefly shakes

---

**As a student**

**I want** to access my discussion with one of my contact

**So that** I see our message history

#### Acceptance criteria

1	GIVEN that the user is in the chat WHEN he clicks on one of his contacts AND they already have a conversation history THEN the messages from their latest conversations are displayed in chronological order
2	GIVEN #1 WHEN the user scrolls up THEN the messages from their past conversations are loaded and displayed in chronological order
3	GIVEN that the user is in the chat WHEN he clicks on one of his contacts AND they have no conversation history THEN the message 'You have no conversation history with *contact name*' is displayed in the conversation history

---

**As a student**

**I want** to send a message to one of my contact

**So that** I can open a discussion or answer a message

#### Acceptance criteria

1	GIVEN that the user is in the chat WHEN he clicks on one of his contacts THEN their conversation history is shown
2	GIVEN #1 WHEN the user writes a message in the conversation input bar AND clicks on the 'Send' button (Arrow) THEN his message is sent to his contact and is displayed in the conversation history
3	GIVEN #1 WHEN the user does not write a message in the input AND clicks on the 'Send' button (Arrow) THEN the conversation input bar briefly shakes horizontally

**As a student**

**I want** to receive a message from one of my contact

**So that** I can be contacted or be answered

#### Acceptance criteria

1	GIVEN that the user is in the chat WHEN he clicks on one of his contacts THEN their conversation history is shown
2	GIVEN #1 WHEN the user receives a message from this contact THEN the message appears in the conversation history

**As a student**

**I want** to see the status of the messages in the conversation history

**So that** I can know when the messages were sent and if they have been received and read

#### Acceptance criteria

1	GIVEN that the user is in the chat WHEN he clicks on one of his contacts THEN their conversation history is shown
2	GIVEN #1 WHEN the user sends a message THEN the message appears in the conversation history AND the message timestamp displays the day and time the user sent it AND the message status displays 'Sent' with an empty circle icon
3	GIVEN #2 WHEN the message is received by the contact THEN the message status displays 'Received' with an empty circle icon
4	GIVEN #3 WHEN the message is seen by the contact THEN the message status displays 'Seen' with a checked circle icon
5	GIVEN #1 WHEN the user receives a message THEN the message appears in the conversation history AND the message timestamp displays the day and time the contact sent it AND the message status displays 'Seen' with a checked circle icon

**So that** I can see what steps I recently achieved and what are the next ones

Acceptance criteria	
1	GIVEN that the user is in the task management WHEN he has no task THEN an error message is shown 'You have no task... yet'
2	GIVEN #1 WHEN the user creates a new task OR is given a new task by a volunteer THEN the relevant task is added to the user's task list AND the error message disappears
3	GIVEN that the user is in the task management WHEN he has tasks THEN the tasks are displayed in the task table
4	GIVEN #3 WHEN a task's status is 'to do' THEN the relevant task's checkbox is not checked
5	GIVEN #3 WHEN a task's status is 'Done' THEN the relevant task's checkbox is checked

---

**As a** student

**I want** to see the description of a task

**So that** I can obtain detailed information on the task

Acceptance criteria	
1	GIVEN that the user is in the task management WHEN he clicks on the title of one of his tasks THEN the relevant task expands AND the task description is written under its title AND a delete icon appears next to the task title
2	GIVEN #1 WHEN the user clicks on the task's title a second time THEN the relevant task retracts AND its description disappears AND the delete icon disappears

---

**As a student**

**I want** to mark as done one of my tasks

**So that** I can keep a record of my progress

Acceptance criteria	
1	GIVEN that the user is in the task management WHEN he clicks on 'todo/done' icon (checkbox) of an unchecked task THEN the relevant task's checkbox is checked AND the task's status is put to 'Done'
2	GIVEN that the user is in the task management WHEN he clicks on 'todo/done' icon (checkbox) of a checked task THEN the relevant task's checkbox is unchecked AND the task's status is put to 'Todo'

---

**As a student**

**I want** to create a new task

**So that** I can plan my next learning steps

Acceptance criteria	
1	GIVEN that the user is in the task management WHEN he clicks on the 'create task' button (+) THEN the 'New task' modal opens
2	GIVEN #1 WHEN the user clicks outside of the modal or press the 'Escape' key of the keyboard THEN the modal closes
3	GIVEN #1 WHEN the user clicks on the 'Create' button without completing any input fields THEN the modal briefly shakes AND an error message appears 'Please complete at least the 'Title' field'
4	GIVEN #1 WHEN the user clicks on the 'Create' button AND at least the 'Title' field is completed THEN the modal closes AND the task is created with a 'ToDo' status AND the task is added to the user's task list

---

**As a student**

**I want** to delete a task

**So that** I can clean my task list and focus on the latest steps

Acceptance criteria	
1	GIVEN that the user is in the task management WHEN he clicks on the title of one of his tasks THEN the relevant task expands AND the task description is written under its title AND a delete icon appears next to the task title
2	GIVEN #1 WHEN the user clicks on the task's 'Delete' icon THEN the relevant task is deleted AND it is removed from the user's task list

**#EPIC****As a** volunteer**I want** to access my task management page**So that** I can monitor and plan the learning plan's steps of my students**> USER STORIES****As a** volunteer**I want** to see the list of my student's tasks**So that** I can see what step they recently achieved and what are the next ones**Acceptance criteria**

1	GIVEN that the user is in the task management WHEN he has no task THEN an error message is shown 'Your student(s) have no task... yet'
2	GIVEN #1 WHEN the user creates a new task OR one of his students creates a new task THEN the relevant task is added to the user's task list AND the error message disappears
3	GIVEN that the user is in the task management WHEN his students have tasks THEN the tasks are displayed in the task table AND the name of the student owning the task is written on each task
4	GIVEN #3 WHEN a task's status is 'to do' THEN the relevant task's checkbox is not checked
5	GIVEN #3 WHEN a task's status is 'Done' THEN the relevant task's checkbox is checked

**As a** volunteer**I want** to see the description of a task**So that** I can obtain detailed information on the task**Acceptance criteria**

1	GIVEN that the user is in the task management WHEN he clicks on the title of one of the tasks THEN the relevant task expands AND the task description is written under its title AND a delete icon appears next to the task title
2	GIVEN #1 WHEN the user clicks on the task's title a second time THEN the relevant task retracts AND its description disappears AND the delete icon disappears

**As a volunteer**

**I want** to mark as done/todo one of my student's tasks

**So that** I can assess and validate my student's progress

Acceptance criteria	
1	GIVEN that the user is in the task management WHEN he clicks on 'todo/done' icon (checkbox) of an unchecked task THEN the relevant task's checkbox is checked AND the task's status is put to 'Done'
2	GIVEN that the user is in the task management WHEN he clicks on 'todo/done' icon (checkbox) of a checked task THEN the relevant task's checkbox is unchecked AND the task's status is put to 'Todo'

---

**As a volunteer**

**I want** to create a new task for one of my students

**So that** I use my experience to guide his next learning steps

Acceptance criteria	
1	GIVEN that the user is in the task management WHEN he clicks on the 'create task' button (+) THEN the 'New task' modal opens
2	GIVEN #1 WHEN the user clicks outside of the modal or press the 'Escape' key of the keyboard THEN the modal closes
3	GIVEN #1 WHEN the user clicks on the 'Create' button without completing any input fields THEN the modal briefly shakes AND an error message appears 'Please complete at least the 'Title' and 'Recipient' fields'
4	GIVEN #1 WHEN the user clicks on the 'select student' droplist THEN a list of the user's students expands AND he can select one student to which the task will be given
5	GIVEN #1 WHEN the user clicks on the 'Create' button AND the 'Title' field is completed AND a student has been chosen THEN the modal closes AND the task is created with a 'ToDo' status AND the task is added to the chosen student's task list

---

**As a volunteer**

**I want** to delete one of my student's task

**So that** I can clean his task list and orient his focus on the latest steps

Acceptance criteria	
1	GIVEN that the user is in the task management WHEN he clicks on the title of one of his student's task THEN the relevant task expands AND the task description is written under its title AND a delete icon appears next to the task title
2	GIVEN #1

WHEN the user clicks on the task's 'Delete' icon  
THEN the relevant task is deleted  
AND it is removed from the student's task list

**As a volunteer**

**I want** to sort my task list by student name

**So that** I can focus my view on the tasks of this specific student and don't get mixed-up

#### Acceptance criteria

- |   |   |
|---|---|
| 1 | GIVEN that the user is in the task management<br>WHEN no student is selected in the 'student selector' droplist<br>THEN the tasks of all his students are displayed<br>AND the 'student selector' indicates 'All students'      |
| 2 | GIVEN that the user is in the task management<br>WHEN a student is selected in the 'student selector' droplist<br>THEN only the tasks of this student are displayed<br>AND the 'student selector' indicates this student's name |
| 3 | GIVEN that the user is in the task management<br>WHEN the user clicks on the 'student selector' droplist<br>THEN list expands with the names of all his students  |
| 4 | GIVEN #3<br>WHEN the user selects one of the students in the list<br>THEN the droplist retracts<br>AND only the tasks of the selected student are displayed<br>AND the 'student selector' indicates the selected student's name |
